JEFFERSON COUNTY P.W.S.D. NO. 12 RECEIVES AWARD

2014 Drinking Water System of the Year

Festus, MO, April 2, 2015— Public Water Supply District No. 12 of Jefferson County, Missouri was recently recognized by the Missouri Rural Water Association (MRWA) as the 2014 Drinking Water System of the Year. The award was presented during the MRWA's annual Technical Conference and Trade Show at the Branson Convention Center held March 3-5, 2015. The MRWA is a non-profit organization which provides training and technical assistance for water and wastewater utilities throughout Missouri.

The annual award honors a utility that has achieved noteworthy accomplishments during the previous year, effectively managed their overall operations including financial responsibility and managerial effectiveness, were responsive to customer needs, and met regulatory compliance.

District Manager, Brad Bryant, says "the award was an unexpected surprise and was due to the hard work and cooperation of the District's employees and Board of Directors along with various suppliers and vendors."

P.W.S.D. No. 12 has five employees and serves approx. 3100 residents in the rural, southeast portion of Jefferson County. They have recently made many improvements to their system utilizing grants and low-interest loans.
